

SAMPLE CV - FOR PORTFOLIO PROJECT ONLY. This document is a demonstration CV created for a web development class project. It is not my real CV and should not be treated as an official resume.

Siev Minh

Information Technology Engineering Student

Phnom Penh, Cambodia | Demo email: student@example.com | Portfolio Project CV

PROFILE

Second-year Information Technology Engineering student with an interest in building practical web applications, software systems, databases, and data-structure projects. Comfortable working with modern frontend tools and programming fundamentals, with a focus on clean, responsive, and user-friendly solutions.

EDUCATION

Royal University of Phnom Penh
Information Technology Engineering

Current
Year 2

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, React, Next.js, Tailwind CSS, TypeScript
Backend & Database	Java, Python, Node.js, MySQL
Development Tools	Git, GitHub, VS Code, IntelliJ IDEA, Figma, Vercel

PROJECTS

Personal Portfolio Website

Responsive portfolio built with Next.js, React, TypeScript, Tailwind CSS, Framer Motion, and Lucide React. Includes light/dark mode, animated backgrounds, project filtering, and reusable components.

Movie Recommendation System

Console-based Data Structures & Algorithms project using custom hash tables, graphs, BFS/DFS, and a rule-based decision tree.

Database & Java Coursework

Practice projects involving MySQL queries, views, relational design, and Java application development.

STRENGTHS

Problem solving • Responsive web design • Database fundamentals • Data structures • Team collaboration • Continuous learning
